

Would you like to give your child a fun reading experience?

Fonetti is the Department for Education approved, tablet-based app for children to practise reading. If you sign up before the end of December 2020, the team at Fonetti HQ would like to offer your family **3 months free access** to the main Fonetti library, which contains 100+ engaging stories across a range of reading levels.

What makes Fonetti different is how children use it.

They choose a book and then read it out loud - with or without you there - and they get instant feedback on how they're doing. If they say the words right, they turn green, and if they get stuck, they simply double tap for a clue.

This immediate recognition builds confidence while they're boosting their literacy. And that's not all. There are in-app stars and badges to mark their progress... and both you and they can see how accurate their reading has been, which tends to bring out a slight competitive streak as they want to improve their own score!

All you need to do is:

1. Register at fonetti.com/primary3 and free months will be added to your account.
2. Then, download the app in your iPad (Android from mid-November).
3. Login to the app and enjoy immersive, interactive reading with Fonetti.

Want to find out more?

Visit the [Fonetti YouTube channel](#) for a brief explainer film, and to hear from some young Fonetti fans.

Happy reading!
